Hey, it's James Carville and I'm real excited to hear from you.

I'm conducting a series of strategy interviews with the very best, most engaged Democrats, and I've selected you to represent your area -- [so please, click here to get started right now:](#)

START YOUR INTERVIEW

I've been in politics a LONG time, and I'll be honest, **I don't think I've ever seen an election with more at stake than this one.** If we win, we'll continue to enact President Biden's agenda and work for ALL Americans. If we lose, **Senate Republicans will grind all progress to a halt -- and that will only be the beginning.**

All across the country, Republicans are taking away a woman's right to choose, trying to cut health care, restricting the right to vote, and burying their heads in the sand on climate change. **And if Democrats don't get fired the hell up, those same crazy Republicans will take control of the Senate this year.**

That's why I want to talk to you. I need to hear from *real voters like you* -- not more political types -- so I can help our best and brightest defend the Senate.

I selected you specifically, **so please, will you click here to begin your interview?** www.dsc.org/DemocraticInterviewJune/

Thank you
